SAMPLE: NOT A REAL DOCUMENT

SOLAR SHARE BLOCK A SPV (PTY) LTD · SAMPLE DOCUMENT

Certificate of Incorporation

Private company: Solar Share Block A SPV (Pty) Ltd

This sample certificate shows the kind of record that would prove who legally owns the solar mini-grid. It was not issued by any companies registry. It is a fictional illustration for a hackathon demo.

Company details

Company name	Solar Share Block A SPV (Pty) Ltd
Registration number	2026/555014/07 (fictional)

Share capital

Authorised shares	3,500 ordinary shares of no par value
Issued so far	Recorded live onchain (SolarShareToken.totalSupply)
Share register	SolarShareToken "Block A Solar Share" (SSBA) on Base Sepolia, a public test network. One token = one ordinary share.
Who may hold shares	Only wallets approved by the company's KYC officer (SolarShareToken.isApproved)
Distributions	Net energy income is paid to shareholders pro rata in USDC through RevenueDistributor, and only while the meter status is OK

Memorandum of incorporation: key clauses (summary)

- The company may not take on any business other than the Block A mini-grid.
- The company may not borrow against the mini-grid without a special resolution of shareholders (75%).
- Shares may only be transferred between approved wallets. The KYC officer may freeze a wallet by court order or on proof of fraud.
- A lost wallet may be replaced: the board may move its shares and unpaid income to a new approved wallet (SolarShareToken.recover).
